ICM SMALL COMPANY PORTFOLIO

INVESTMENT OBJECTIVE

The ICM Small Company Portfolio (the “Fund”) seeks maximum, long-term total return, consistent with reasonable risk to principal, by investing primarily in common stocks of smaller companies measured in terms of revenues and assets and, more importantly, in terms of market capitalization.

FUND FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

Management Fees	0.70%
Other Expenses	0.23%
Total Annual Fund Operating Expenses	0.93%

Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

1 Year	3 Years	5 Years	10 Years
\$95	\$296	\$515	\$1,143

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in total annual Fund operating expenses or in the example, affect the Fund’s performance. During its most recent fiscal year, the Fund’s portfolio turnover rate was 31% of the average value of its portfolio.

PRINCIPAL INVESTMENT STRATEGY

Under normal circumstances, the Fund seeks to achieve its investment objective by investing at least 80% of its net assets, plus any borrowings for investment purposes, in common stocks of companies that have market capitalizations within the range of the Russell 2000® Value Index at the time of purchase. This investment policy may be changed by the Fund upon 60 days’ prior written notice to shareholders. The Fund may invest in equity securities listed on a national securities exchange or traded in the over-the-counter markets. The Fund invests primarily in common stocks, but it may also invest in other types of equity securities, including real estate investment trusts (“REITs”) and American Depository Receipts (“ADRs”).

In selecting investments for the Fund, Investment Counselors of Maryland, LLC (“ICM” or the “Adviser”) typically looks to invest in companies with leading market share positions, shareholder oriented managements, and strong balance sheet and cash flow ratios. Usually, the shares of the companies the Adviser buys are selling at a price to earnings ratio below the average price to earnings ratio of the stocks that comprise the Russell 2000® Index. In addition, the companies selected by the Adviser usually have higher returns on equity and capital than the average company in the Russell 2000® Index. The Adviser screens the Fund’s universe of potential investments to identify potentially undervalued securities based on factors such as financial strength, earnings valuation, and earnings quality. The Adviser further narrows the list of potential investments through traditional fundamental security analysis, which may include interviews with company management and a review of the assessments and opinions of outside analysts and consultants. Securities are sold when the Adviser believes the shares have become relatively overvalued or it finds more attractive alternatives. The Adviser generally will not sell a security merely due to market appreciation outside the Fund’s target capitalization range if it believes the company has growth potential.

PRINCIPAL RISKS

As with all mutual funds, there is no guarantee that the Fund will achieve its investment objective. You could lose money by investing in the Fund. This could occur because its strategy failed to produce the intended results or because the Adviser did not implement its strategy properly. **The Fund's shares are not bank deposits and are not guaranteed, endorsed or insured by any financial institution, government authority or the FDIC.**

Equity Risk — Since it purchases equity securities, the Fund is subject to the risk that stock prices may fall over short or extended periods of time. Historically, the equity markets have moved in cycles, and the value of the Fund's equity securities may fluctuate drastically from day-to-day. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by such companies may suffer a decline in response. These factors contribute to price volatility, which is the principal risk of investing in the Fund.

REIT Risk — REITs are pooled investment vehicles that own, and usually operate, income-producing real estate. REITs are susceptible to the risks associated with direct ownership of real estate, such as the following: declines in property values; increases in property taxes, operating expenses, interest rates or competition; overbuilding; zoning changes; and losses from casualty or condemnation. REITs typically incur fees that are separate from those of the Fund. Accordingly, the Fund's shareholders will indirectly bear a proportionate share of the REITs' operating expenses, in addition to paying Fund expenses. REIT operating expenses are not reflected in the fee table and example in this prospectus.

Foreign Securities Risk — The Fund's investments in ADRs are subject to foreign securities risk. ADRs are certificates evidencing ownership of shares of a foreign issuer that are issued by depositary banks and traded on U.S. exchanges. Although ADRs are alternatives to directly purchasing the underlying foreign securities in their national markets and currencies, they continue to be subject to many of the risks associated with investing directly in foreign securities.

Foreign securities, especially those of companies in emerging markets, can be riskier and more volatile than domestic securities. Adverse political and economic developments or changes in the value of foreign currency can make it harder for the Fund to sell its securities and could reduce the value of your shares. Securities of foreign companies may

not be registered with the U.S. Securities and Exchange Commission (the “SEC”) and foreign companies are generally not subject to the regulatory controls imposed on U.S. issuers and, as a consequence, there is generally less publicly available information about foreign securities than is available about domestic securities. Income from foreign securities may be reduced by a withholding tax at the source, which tax would reduce income received from the securities. Foreign securities may also be more difficult to value than securities of U.S. issuers.

Small-Capitalization Company Risk — The small-capitalization companies in which the Fund will invest may be more vulnerable to adverse business or economic events than larger, more established companies. In particular, investments in these small-sized companies may pose additional risks, including liquidity risk, because these companies tend to have limited product lines, markets and financial resources, and may depend upon a relatively small management group. Therefore, small-cap stocks may be more volatile than those of larger companies. These securities may be traded over-the-counter or listed on an exchange.

PERFORMANCE INFORMATION

The bar chart and the performance table below illustrate the risks and volatility of an investment in the Fund by showing changes in the Fund’s performance from year to year for the past 10 years and by showing how the Fund’s average annual total returns for 1, 5 and 10 years compare with those of a broad measure of market performance. Of course, the Fund’s past performance (before and after taxes) does not necessarily indicate how the Fund will perform in the future. Updated performance information is available on the Fund’s website at www.icomd.com or by calling 1-866-234-5426.

During the periods shown in the chart, the highest return for a quarter was 28.17% (quarter ended 06/30/2009) and the lowest return for a quarter was (22.05)% (quarter ended 09/30/2011).

Average Annual Total Returns for Periods Ended December 31, 2018

This table compares the Fund's average annual total returns for the periods ended December 31, 2018 to those of an appropriate broad based index.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts ("IRAs").

Returns after taxes on distributions and sale of Fund shares may be higher than before-tax returns when a net capital loss occurs upon the redemption of Fund shares.

ICM SMALL COMPANY PORTFOLIO	1 Year	5 Years	10 Years
Fund Return Before Taxes	(13.96)%	4.95%	12.28%
Fund Return After Taxes on Distributions	(17.09)%	2.05%	10.14%
Fund Return After Taxes on Distributions and Sale of Fund Shares	(7.04)%	3.33%	10.04%
Russell 2000® Value Index (reflects no deduction for fees, expenses or taxes)	(11.01)%	4.41%	11.97%
Russell 2000® Index (reflects no deduction for fees, expenses or taxes)	(12.86)%	3.61%	10.40%

INVESTMENT ADVISER

Investment Counselors of Maryland, LLC

PORTFOLIO MANAGERS

William V. Heaphy, CFA, Principal, has managed the Fund since 1999.

Gary J. Merwitz, Principal, has managed the Fund since 2004.

PURCHASE AND SALE OF FUND SHARES

To purchase shares of the Fund for the first time, including an initial purchase through an IRA, you must invest at least \$2,500,000. Subsequent investments must be at least \$1,000. The Fund may accept investments of smaller amounts in its sole discretion.

If you own your shares directly, you may redeem your shares on any day that the New York Stock Exchange (the “NYSE”) is open for business (a “Business Day”) by contacting the Fund directly by mail at: ICM Small Company Portfolio, P.O. Box 219009, Kansas City, MO 64121-9009 (Express Mail: ICM Small Company Portfolio c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105) or telephone at 1-866-234-5426.

If you own your shares through an account with a broker or other institution, contact that broker or institution to redeem your shares. Your broker or institution may charge a fee for its services in addition to the fees charged by the Fund.

TAX INFORMATION

The Fund intends to make distributions that may be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or IRA, in which case your distribution will be taxed when withdrawn from the tax-deferred account.

PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

INVESTING WITH THE FUND

For information regarding the federal income tax consequences of transactions in shares of the Fund, including information about cost basis reporting, see “Taxes.”

BUYING SHARES

All investments must be made by check, Automated Clearing House (“ACH”), or wire. All checks must be made payable in U.S. dollars and drawn on U.S. financial institutions. The Fund does not accept purchases made by third-party checks, credit cards, credit card checks, cash, traveler’s checks, money orders or cashier’s checks.

The Fund reserves the right to reject any specific purchase order for any reason. The Fund is not intended for short-term trading by shareholders in response to short-term market fluctuations. For more information about the Fund’s policy on short-term trading, see “Excessive Trading Policies and Procedures.”

The Fund does not generally accept investments by non-U.S. persons. Non-U.S. persons may be permitted to invest in the Fund subject to the satisfaction of enhanced due diligence. Please contact the Fund for more information.

By Mail

You can open an account with the Fund by sending a check and your account application to the address below. You can add to an existing account by sending the Fund a check and, if possible, the “Invest by Mail” stub that accompanies your confirmation statement. Be sure your check identifies clearly your name, your account number and the Fund name.

Regular Mail Address

ICM Small Company Portfolio
P.O. Box 219009
Kansas City, MO 64121-9009

Express Mail Address

ICM Small Company Portfolio
c/o DST Systems, Inc.
430 West 7th Street
Kansas City, MO 64105

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services of purchase orders does not constitute receipt by the Fund's transfer agent. The share price used to fill the purchase order is the next price calculated by the Fund after the Fund's transfer agent receives the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

By Wire

To open an account by wire, call 1-866-234-5426 for details. To add to an existing account by wire, wire your money using the wiring instructions set forth below (be sure to include the Fund name and your account number).

By Automatic Investment Plan (via ACH)

You may not open an account via ACH. However, once you have established an account, you can set up an automatic investment plan by mailing a completed application to the Fund. Purchases can be made monthly, quarterly, semi-annually, or annually in amounts of at least \$100 to meet the minimum investment amount. To cancel or change a plan, write to the Fund at: ICM Small Company Portfolio, P.O. Box 219009, Kansas City, MO 64121 (Express Mail Address: ICM Small Company Portfolio, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105). Please allow up to 15 days to create the plan and 3 days to cancel or change it.

Purchases In-Kind

Subject to the approval of the Fund, an investor may purchase shares of the Fund with liquid securities and other assets that are eligible for purchase by the Fund (consistent with the Fund's investment policies and restrictions) and that have a value that is readily ascertainable in accordance with the Fund's valuation policies. These transactions will be effected only if the Adviser deems the security to be an appropriate investment for the Fund. Assets purchased by the Fund in such a transaction will be valued in accordance with procedures adopted

by the Fund. The Fund reserves the right to amend or terminate this practice at any time.

Minimum Investments

To purchase shares of the Fund for the first time, including an initial purchase through an IRA, you must invest at least \$2,500,000. Subsequent investments must be at least \$1,000. The Fund may accept investments of smaller amounts in its sole discretion.

Fund Codes

The Fund's reference information, which is listed below, will be helpful to you when you contact the Fund to purchase shares, check daily net asset value per share ("NAV") or obtain additional information.

Ticker Symbol	CUSIP	Fund Code
ICSCX	00758M220	1229

REDEEMING SHARES

Payment of Redemption Proceeds

Redemption proceeds can be mailed to your account address, sent to your bank by ACH transfer or wired to your bank account (provided that your bank information is already on file). Normally, the Fund will send your sale proceeds within one Business Day after it receives your redemption request in proper form, meaning that it is complete, contains all necessary information, and has all supporting documentation (such as proper signature guarantees, IRA rollover forms, etc.). The Fund, however, may take up to seven days to pay redemption proceeds.

The Fund typically expects to sell portfolio assets and/or hold cash or cash equivalents to meet redemption requests. On a less regular basis, the Fund may also meet redemption requests by using short-term borrowings from its custodian and/or redeeming shares in-kind (as described below). These methods may be used during both normal and stressed market conditions.

Certain redemption requests will require a signature guarantee by an eligible guarantor institution. Eligible guarantors include commercial banks, savings and loans, savings banks, trust companies, credit unions, member firms of a national stock exchange, or any other member or participant of an approved signature guarantor program. For example, signature guarantees may be required if your address of record has changed in the last 30 days, if you want the proceeds

sent to a bank other than the bank of record on your account, or if you ask that the proceeds be sent to a different person or address. Please note that a notary public is not an acceptable provider of a signature guarantee and that the Fund must be provided with the original guarantee. Signature guarantees are for the protection of Fund shareholders. Before it grants a redemption request, the Fund may require a shareholder to furnish additional legal documents to ensure proper authorization.

Accounts held by a corporation, trust, fiduciary or partnership, may require additional documentation along with a signature guaranteed letter of instruction. Please contact Shareholder Services at 1-866-234-5426 for more information. The Fund participates in the Paperless Legal Program (the “Program”), which eliminates the need for accompanying paper documentation on legal securities transfers. Requests received with a Medallion Signature Guarantee will be reviewed for the proper criteria to meet the guidelines of the Program and may not require additional documentation.

If you redeem shares that were purchased by check or through ACH, you will not receive your redemption proceeds until the check has cleared or the ACH transaction has been completed, which may take up to 15 days from the purchase date.

By Mail

You may contact the Fund directly by mail at: ICM Small Company Portfolio, P.O. Box 219009, Kansas City, MO 64121 (Express Mail Address: ICM Small Company Portfolio, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105). Send a letter to the Fund signed by all registered parties on the account specifying:

- The Fund name;
- The account number;
- The dollar amount or number of shares you wish to redeem;
- The account name(s); and
- The address to which redemption (sale) proceeds should be sent.

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services of sell orders does not constitute receipt by the Fund’s transfer agent. The share price used to fill the sell order is the next price calculated by the Fund after the Fund’s transfer agent receives

the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

All registered share owner(s) must sign the letter in the exact name(s) in which their account is registered and must designate any special capacity in which they are registered.

Certain shareholders may need to include additional documents or provide a signature guarantee to redeem shares.

By Telephone

You must first establish the telephone redemption privilege (and, if desired, the wire or ACH redemption privilege) by completing the appropriate sections of the account application.

Call 1-866-234-5426 to redeem your shares. Based on your instructions, the Fund will mail your proceeds to you or send them to your bank by either Federal Reserve wire or ACH.

By Systematic Withdrawal Plan (via ACH)

If your account balance is at least \$10,000, you may transfer as little as \$100 per month from your account to another financial institution through a Systematic Withdrawal Plan (via ACH). To participate in this service, you must complete the appropriate sections of the account application and mail it to the Fund.

Redemptions In-Kind

The Fund generally pays sale (redemption) proceeds in cash. However, under unusual conditions that make the payment of cash unwise and for the protection of the Fund's remaining shareholders, the Fund might pay all or part of your redemption proceeds in liquid securities with a market value equal to the redemption price (redemption in-kind). It is highly unlikely that your shares would ever be redeemed in-kind, but if they were, you would have to pay transaction costs to sell the securities distributed to you, as well as taxes on any capital gains from the sale, as with any redemption. In addition, you would continue to be subject to the risks of any market fluctuation in the value of the securities you receive in-kind until the securities are sold.

TRANSACTION POLICIES

General Policies

You may buy or sell shares of the Fund on any Business Day at a price equal to its NAV next-computed after the Fund, or an authorized

institution (as defined below), receives and accepts your order in proper form. The Fund calculates NAV once each Business Day as of the close of normal trading on the NYSE (normally, 4:00 p.m., Eastern Time). To receive the current Business Day's NAV, the Fund or an authorized institution must receive your order in proper form (meaning that it is complete, contains all necessary information, and has all supporting documentation such as proper signature guarantees, IRA rollover forms, etc.) before the close of trading on the NYSE that day. Otherwise, you will receive the NAV that is calculated at the close of trading on the following Business Day. If the NYSE closes early – as in the case of scheduled half-day trading or unscheduled suspensions of trading – the Fund will calculate NAV as of the earlier closing time. The Fund will not accept orders that request a particular day or price for the transaction or other special conditions. Shares will only be priced on Business Days.

Calculating Your Share Price

The NAV of the Fund's shares is determined by dividing the total value of the Fund's portfolio investments and other assets, less any liabilities, by the total number of shares outstanding. If market prices are not readily available or the Fund reasonably believes that they are unreliable, such as in the case of a security value that has been materially affected by events occurring after the relevant market closes, the Fund is required to price those securities at fair value as determined in good faith using methods approved by the Board of Trustees (the "Board") of The Advisors' Inner Circle Fund (the "Trust"). Pursuant to the policies adopted by, and under the ultimate supervision of the Board, these methods are implemented through the Trust's Fair Value Pricing Committee, members of which are appointed by the Board. The Fund's determination of a security's fair value price often involves the consideration of a number of subjective factors, and is therefore subject to the unavoidable risk that the value that the Fund assigns to a security may be higher or lower than the security's value would be if a reliable market quotation for the security was readily available.

Although the Fund invests primarily in the stocks of U.S. companies that are traded on U.S. exchanges, there may be limited circumstances in which the Fund would price securities at fair value – for example, if the exchange on which a portfolio security is principally traded closed early or if trading in a particular security was halted during the day and did not resume prior to the time the Fund calculated its NAV.

Other assets for which market quotations are not readily available will be valued at their fair value as determined in good faith by or under the direction of the Board.

Buying or Selling Shares through a Financial Intermediary

In addition to being able to buy and sell Fund shares directly from the Fund through its transfer agent, you may also buy or sell shares of the Fund through accounts with financial intermediaries such as brokers and other institutions that are authorized to place trades in Fund shares for their customers. When you purchase or sell Fund shares through a financial intermediary (rather than directly from the Fund), you may have to transmit your purchase and sale requests to the financial intermediary at an earlier time for your transaction to become effective that day. This allows the financial intermediary time to process your requests and transmit them to the Fund prior to the time the Fund calculates its NAV that day. Your financial intermediary is responsible for transmitting all purchase and redemption requests, investment information, documentation and money to the Fund on time. If your financial intermediary fails to do so, it may be responsible for any resulting fees or losses. Unless your financial intermediary is an authorized institution, orders transmitted by the financial intermediary and received by the Fund after the time NAV is calculated for a particular day will receive the following day's NAV.

Certain financial intermediaries, including certain broker-dealers and shareholder organizations, are authorized to act as agent on behalf of the Fund with respect to the receipt of purchase and redemption orders for Fund shares ("authorized institutions"). Authorized institutions are also authorized to designate other intermediaries to receive purchase and redemption orders on the Fund's behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized institution or, if applicable, an authorized institution's designee, receives the order. Orders will be priced at the Fund's NAV next- computed after they are received by an authorized institution or an authorized institution's designee. To determine whether your financial intermediary is an authorized institution or an authorized institution's designee such that it may act as agent on behalf of the Fund with respect to purchase and redemption orders for Fund shares, you should contact them directly.

If you deal directly with a financial intermediary, you will have to follow their procedures for transacting with the Fund. Your financial intermediary may charge a fee for your purchase and/or redemption transactions. For more information about how to purchase or sell

Fund shares through a financial intermediary, you should contact your financial intermediary directly.

Telephone Transactions

Purchasing and selling Fund shares over the telephone is extremely convenient, but not without risk. Although the Fund has certain safeguards and procedures to confirm the identity of callers and the authenticity of instructions, the Fund is not responsible for any losses or costs incurred by following telephone instructions it reasonably believes to be genuine. If you or your financial institution transact with the Fund over the telephone, you will generally bear the risk of any loss.

Rights Reserved by the Fund

Purchases

At any time and without notice, the Fund may:

- Stop offering shares;
- Reject any purchase order; or
- Bar an investor engaged in a pattern of excessive trading from buying shares (excessive trading can hurt performance by disrupting management and increasing expenses). The Fund will consider various factors in determining whether an investor has engaged in excessive trading. These factors include, but are not limited to, the investor's historic trading patterns, the number of transactions, the size of the transactions, the time between transactions and the percentage of the investor's account involved in each transaction. For more information about the Fund's policies on excessive trading, please see "Excessive Trading Policies and Procedures."

Redemptions

At any time and without notice, the Fund may change or eliminate any of the redemption methods described above, except redemption by mail. The Fund may suspend your right to redeem your shares or delay payment of redemption proceeds for more than seven days during times when the NYSE is closed, other than during customary weekends or holidays, or as otherwise permitted by the SEC. More information about this is in the Statement of Additional Information ("SAI").

ACCOUNT POLICIES

Excessive Trading Policies and Procedures

The Fund is intended for long-term investment purposes only and discourages shareholders from engaging in “market timing” or other types of excessive short-term trading. This frequent trading into and out of the Fund may present risks to the Fund’s long-term shareholders and could adversely affect shareholder returns. The risks posed by frequent trading include interfering with the efficient implementation of the Fund’s investment strategies, triggering the recognition of taxable gains and losses on the sale of Fund investments, requiring the Fund to maintain higher cash balances to meet redemption requests, and experiencing increased transaction costs.

In addition, because the Fund invests in small-capitalization securities, which often trade in lower volumes and may be less liquid, the Fund may be more susceptible to the risks posed by frequent trading because frequent transactions in the Fund’s shares may have a greater impact on the market prices of these types of securities.

The Fund’s service providers will take steps reasonably designed to detect and deter frequent trading by shareholders pursuant to the Fund’s policies and procedures described in this prospectus and approved by the Board. For purposes of applying these policies, the Fund’s service providers may consider the trading history of accounts under common ownership or control. The Fund’s policies and procedures include:

- Shareholders are restricted from making more than two (2) “round trips” into or out of the Fund per quarter (90-day period). If a shareholder exceeds this amount, the Fund and/or its service providers may, at their discretion, reject any additional purchase orders. The Fund defines a “round trip” as a purchase into the Fund by a shareholder, followed by a subsequent redemption out of the Fund, of an amount the Adviser reasonably believes would be harmful or disruptive to the Fund.
- The Fund reserves the right to reject any purchase request by any investor or group of investors for any reason without prior notice, including, in particular, if the Fund or the Adviser reasonably believes that the trading activity would be harmful or disruptive to the Fund.

The Fund and/or its service providers seek to apply these policies to the best of their abilities uniformly and in a manner they believe is consistent with the interests of the Fund’s long-term shareholders.

The Fund does not knowingly accommodate frequent purchases and redemptions by Fund shareholders. Although these policies are designed to deter frequent trading, none of these measures alone nor all of them taken together eliminate the possibility that frequent trading in the Fund will occur. Systematic purchases and redemptions are exempt from these policies.

Financial intermediaries (such as investment advisers and broker-dealers) often establish omnibus accounts in the Fund for their customers through which transactions are placed. The Fund has entered into “information sharing agreements” with these financial intermediaries, which permit the Fund to obtain, upon request, information about the trading activity of the intermediary’s customers that invest in the Fund. If the Fund or its service providers identify omnibus account level trading patterns that have the potential to be detrimental to the Fund, the Fund or its service providers may, in their sole discretion, request from the financial intermediary information concerning the trading activity of its customers. Based upon a review of that information, if the Fund or its service providers determine that the trading activity of any customer may be detrimental to the Fund, they may, in their sole discretion, request the financial intermediary to restrict or limit further trading in the Fund by that customer. If the Fund is not satisfied that the intermediary has taken appropriate action, the Fund may terminate the intermediary’s ability to transact in Fund shares. When information regarding transactions in the Fund’s shares is requested by the Fund and such information is in the possession of a person that is itself a financial intermediary to a financial intermediary (an “indirect intermediary”), any financial intermediary with whom the Fund has an information sharing agreement is obligated to obtain transaction information from the indirect intermediary or, if directed by the Fund, to restrict or prohibit the indirect intermediary from purchasing shares of the Fund on behalf of other persons.

The Fund and its service providers will use reasonable efforts to work with financial intermediaries to identify excessive short-term trading in omnibus accounts that may be detrimental to the Fund. However, there can be no assurance that the monitoring of omnibus account level trading will enable the Fund to identify or prevent all such trading by a financial intermediary’s customers. Please contact your financial intermediary for more information.

Customer Identification and Verification

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to

obtain, verify, and record information that identifies each person who opens an account.

What this means to you: When you open an account, the Fund will ask your name, address, date of birth, and other information that will allow the Fund to identify you. This information is subject to verification to ensure the identity of all persons opening a mutual fund account.

The Fund is required by law to reject your new account application if the required identifying information is not provided.

In certain instances, the Fund is required to collect documents to fulfill its legal obligation. Documents provided in connection with your application will be used solely to establish and verify your identity.

Attempts to collect the missing information required on the application will be performed by either contacting you or, if applicable, your broker. If this information cannot be obtained within a reasonable timeframe established in the sole discretion of the Fund, your application will be rejected.

Upon receipt of your application in proper form (meaning that it is complete, contains all necessary information, and has all supporting documentation such as proper signature guarantees, IRA rollover forms, etc.), or upon receipt of all identifying information required on the application, your investment will be received and your order will be processed at the next-determined NAV.

The Fund reserves the right to close or liquidate your account at the next-determined NAV and remit proceeds to you via check if it is unable to verify your identity. Attempts to verify your identity will be performed within a reasonable timeframe established in the sole discretion of the Fund. Further, the Fund reserves the right to hold your proceeds until your original check clears the bank, which may take up to 15 days from the date of purchase. In such an instance, you may be subject to a gain or loss on Fund shares and will be subject to corresponding tax implications.

Anti-Money Laundering Program

Customer identification and verification are part of the Fund's overall obligation to deter money laundering under federal law. The Fund has adopted an Anti-Money Laundering Compliance Program designed to prevent the Fund from being used for money laundering or the financing of illegal activities. In this regard, the Fund reserves the right to: (i) refuse, cancel or rescind any purchase order; (ii) freeze any account and/or suspend account services; or (iii) involuntarily close

your account in cases of threatening conduct or suspected fraudulent or illegal activity. These actions will be taken when, in the sole discretion of Fund management, they are deemed to be in the best interest of the Fund or in cases when the Fund is requested or compelled to do so by governmental or law enforcement authority. If your account is closed at the request of governmental or law enforcement authority, you may not receive proceeds of the redemption if the Fund is required to withhold such proceeds.

Unclaimed Property

Each state has unclaimed property rules that generally provide for escheatment (or transfer) to the state of unclaimed property under various circumstances. Such circumstances include inactivity (e.g., no owner-initiated contact for a certain period), returned mail (e.g., when mail sent to a shareholder is returned by the post office, or “RPO,” as undeliverable), or a combination of both inactivity and returned mail. Once it flags property as unclaimed, the Fund will attempt to contact the shareholder, but if that attempt is unsuccessful, the account may be considered abandoned and escheated to the state.

Shareholders that reside in the state of Texas may designate a representative to receive escheatment notifications by completing and submitting a designation form that can be found on the website of the Texas Comptroller. While the designated representative does not have any rights to claim or access the shareholder’s account or assets, the escheatment period will cease if the representative communicates knowledge of the shareholder’s location and confirms that the shareholder has not abandoned his or her property. A completed designation form may be mailed to the Fund (if shares are held directly with the Fund) or to the shareholder’s financial intermediary (if shares are not held directly with the Fund).

More information on unclaimed property and how to maintain an active account is available through your state or by calling 1-866-234-5426.

Small Accounts

The Fund may redeem your shares without your permission if the value of your account falls below 50% of the required minimum initial investment. This provision does not apply:

- To retirement accounts and certain other accounts; or
- When the value of your account falls because of market fluctuations and not your redemptions.

The Fund will provide you at least 30 days' written notice to allow you time to add to your account and avoid the sale of your shares.

Dividends and Distributions

Normally, the Fund distributes its net investment income quarterly and its net capital gains at least once a year. If you own Fund shares on the Fund's record date, you will be entitled to receive the distribution.

You will receive dividends and distributions in the form of additional Fund shares unless you elect to receive payment in cash. To elect cash payment, you must notify the Fund in writing prior to the date of the distribution. Your election will be effective for dividends and distributions paid after the Fund receives your written notice. To cancel your election, simply send the Fund written notice.

TAXES

The following is a summary of the U.S. federal income tax consequences of investing in the Fund. This summary does not apply to shares held in an IRA or other tax-qualified plans, which are generally not subject to current tax. Transactions relating to shares held in such accounts may, however, be taxable at some time in the future. You should always consult your tax advisor for specific guidance regarding the federal, state and local tax effects of your investment in the Fund.

The Tax Cuts and Jobs Act (the "Tax Act") made significant changes to the U.S. federal income tax rules for taxation of individuals and corporations, generally effective for taxable years beginning after December 31, 2017. Many of the changes applicable to individuals are temporary and only apply to taxable years beginning after December 31, 2017 and before January 1, 2026. There are only minor changes with respect to the specific rules applicable to a regulated investment company, such as the Fund. The Tax Act, however, makes numerous other changes to the tax rules that may affect shareholders and the Fund. You are urged to consult with your own tax advisor regarding how the Tax Act affects your investment in the Fund.

The Fund intends to distribute substantially all of its net investment income and net realized capital gains, if any. The dividends and distributions you receive, whether in cash or reinvested in additional shares of the Fund, may be subject to federal, state, and local taxation, depending upon your tax situation. Income distributions, including distributions of net short-term capital gains but excluding distributions

of qualified dividend income, are generally taxable at ordinary income tax rates. Long-term capital gains distributions and distributions that are reported by the Fund as qualified dividend income are generally taxable at the rates applicable to long-term capital gains and currently set at a maximum tax rate for individuals at 20% (lower rates apply to individuals in lower tax brackets). Once a year the Fund (or its administrative agent) will send you a statement showing the types and total amount of distributions you received during the previous year.

You should note that if you purchase shares just before a distribution, the purchase price would reflect the amount of the upcoming distribution. In this case, you would be taxed on the entire amount of the distribution received, even though, as an economic matter, the distribution simply constitutes a return of your investment. This is known as “buying a dividend” and should be avoided by taxable investors. Call 1-866-234-5426 to find out when the Fund expects to make a distribution to shareholders.

Each sale of shares of the Fund may be a taxable event. A sale may result in a capital gain or loss to you. The gain or loss generally will be treated as short term if you held the shares 12 months or less, long term if you held the shares for longer. Any loss realized upon a taxable disposition of Fund shares held for six months or less will be treated as long-term, rather than short-term, to the extent of any long-term capital gain distributions received (or deemed received) by you with respect to the Fund shares. All or a portion of any loss realized upon a taxable disposition of Fund shares will be disallowed if you purchase other substantially identical shares within 30 days before or after the disposition. In such a case, the basis of the newly purchased shares will be adjusted to reflect the disallowed loss.

U.S. individuals with income exceeding \$200,000 (\$250,000 if married and filing jointly) are subject to a 3.8% Medicare contribution tax on their “net investment income,” including interest, dividends, and capital gains (including capital gains realized on the sale of shares of the Fund).

The Fund (or its administrative agent) must report to the Internal Revenue Service (“IRS”) and furnish to Fund shareholders cost basis information for Fund shares purchased on or after January 1, 2012, and sold on or after that date. In addition to reporting the gross proceeds from the sale of Fund shares, the Fund (or its administrative agent) is also required to report the cost basis information for such shares and indicate whether these shares have a short-term or long-term holding period. For each sale of Fund shares, the Fund will permit its shareholders to elect from among several IRS-accepted cost basis

methods, including average cost. In the absence of an election, the Fund will use a default cost basis method. The cost basis method elected by the Fund shareholder (or the cost basis method applied by default) for each sale of Fund shares may not be changed after the settlement date of each such sale of Fund shares. Fund shareholders should consult their tax advisors to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about how cost basis reporting applies to them. Fund shareholders also should carefully review any cost basis information provided to them and make any additional basis, holding period or other adjustments that are required when reporting these amounts on their federal income tax returns.

To the extent the Fund invests in foreign securities, it may be subject to foreign withholding taxes with respect to dividends or interest the Fund received from sources in foreign countries. If more than 50% of the total assets of the Fund consist of foreign securities, the Fund will be eligible to elect to treat some of those taxes as a distribution to shareholders, which would allow shareholders to offset some of their U.S. federal income tax. The Fund (or its administrative agent) will notify you if it makes such an election and provide you with the information necessary to reflect foreign taxes paid on your income tax return.

The Fund may invest in REITs. The Tax Act treats “qualified REIT dividends” (i.e., ordinary REIT dividends other than capital gain dividends and portions of REIT dividends designated as qualified dividend income eligible for capital gain tax rates) as eligible for a 20% deduction by non-corporate taxpayers. This deduction, if allowed in full, equates to a maximum effective tax rate of 29.6% (37% top rate applied to income after 20% deduction). Pursuant to recently proposed regulations on which the Fund may rely, distributions by the Fund to its shareholders that are attributable to qualified REIT dividends received by the Fund and which the Fund properly reports as “section 199A dividends,” are treated as “qualified REIT dividends” in the hands of non-corporate shareholders. A section 199A dividend is treated as a qualified REIT dividend only if the shareholder receiving such dividend holds the dividend-paying RIC shares for at least 46 days of the 91-day period beginning 45 days before the shares become ex-dividend, and is not under an obligation to make related payments with respect to a position in substantially similar or related property. The Fund is permitted to report such part of its dividends as section 199A dividends as are eligible, but is not required to do so.

REITs in which the Fund invests often do not provide complete and final tax information to the Fund until after the time that the Fund issues a tax reporting statement. As a result, the Fund may at times find it necessary

to reclassify the amount and character of its distributions to you after it issues your tax reporting statement. When such reclassification is necessary, the Fund (or its administrative agent) will send you a corrected, final Form 1099-DIV to reflect the reclassified information. If you receive a corrected Form 1099-DIV, use the information on this corrected form, and not the information on the previously issued tax reporting statement, in completing your tax returns.

Because each shareholder's tax situation is different, you should consult your tax advisor about the tax implications of an investment in the Fund.

More information about taxes is in the SAL.

OTHER INVESTMENT PRACTICES AND STRATEGIES

The Fund's investment objective is to seek maximum long-term total return, consistent with reasonable risk to principal, by investing primarily in common stocks of smaller companies measured in terms of revenues and assets and, more importantly, in terms of market capitalization. The Fund may change its investment objective without shareholder approval.

In addition to its principal investment strategies, the Fund may use the investment strategies described below. The Fund may also employ investment practices that this prospectus does not describe, such as participating in repurchase agreements, when-issued and forward commitment transactions, lending of securities, borrowing and other techniques. For more information concerning these and any of the Fund's other investment practices and their risks, you should read the SAI.

Derivatives

The Fund may invest in forward foreign currency exchange contracts, futures, options and swaps to protect its investments against changes resulting from market conditions (a practice called "hedging"), to reduce transaction costs or to manage cash flows. Forward foreign currency exchange contracts, futures, options and swaps are called derivatives because their value is based on an underlying asset or economic factor. Derivatives are often more volatile than other investments and may magnify the Fund's gains or losses. There are various factors that affect the Fund's ability to achieve its objectives with derivatives. Successful use of a derivative depends on the degree to which prices of the underlying assets correlate with price movements in the derivatives the Fund buys or sells. The Fund could be negatively affected if the change in market value of its securities fails to correlate perfectly with the values of the derivatives it purchased or sold.

Short-Term Investing

The investments and strategies described in this prospectus are those that the Fund uses under normal circumstances. During unusual economic, market, political or other circumstances, the Fund may invest up to 100% of its assets in short-term, high quality debt instruments, such as U.S. government securities. These instruments would not ordinarily be consistent with the Fund's principal investment strategies, and may prevent the Fund from achieving its investment objective. The Fund

will use a temporary strategy if the Adviser believes that pursuing the Fund's investment objective will subject it to a significant risk of loss. The Fund has a policy requiring it to invest at least 80% of its net assets, plus any borrowings for investment purposes, in particular types of securities as described in the Fund's principal investment strategy, and will not change this policy without 60 days' prior written notice to shareholders. In addition to the temporary defensive measures discussed above, the Fund may also temporarily deviate from this 80% policy in other limited, appropriate circumstances, such as if the Fund experiences large cash inflows or redemptions.

When the Adviser pursues a temporary defensive strategy, the Fund may not profit from favorable developments that it would have otherwise profited from if it were pursuing its normal strategies.

INFORMATION ABOUT PORTFOLIO HOLDINGS

The Fund generally publishes a complete list of its portfolio holdings on a monthly basis, fifteen (15) days after the end of the previous month. For example, the Fund's investments as of the end of January would ordinarily be published on February 15. The Fund also publishes a list of its ten largest portfolio holdings, and the percentage of the Fund's assets that each of these holdings represents, on a monthly basis, ten (10) days after the end of the month. The portfolio information described above can be found on the internet at <http://aicfundholdings.com/icm>. This information will generally remain available until it is replaced by new portfolio holdings information as described above. The Adviser may exclude any portion of the Fund's portfolio holdings from such publication when deemed to be in the best interest of the Fund. Please consult the SAI for a full description of the policies and procedures that govern disclosure of the Fund's portfolio holdings.

INVESTMENT MANAGEMENT

Investment Adviser

Investment Counselors of Maryland, LLC, a Delaware limited liability company located at 300 E. Lombard Street, Suite 810, Baltimore, Maryland 21202, serves as the Fund's investment adviser. The Adviser manages and supervises the investment of the Fund's assets on a discretionary basis, subject to oversight by the Board. The Adviser is

owned in part by Old ICM, Inc., formerly Investment Counselors of Maryland, Inc. (the “Former Adviser”) and ICM Management LLC, a company wholly-owned by six officers of the Adviser. BrightSphere Investment Group plc, a NYSE listed company, through its ownership of the Former Adviser, retains an ownership interest in the Adviser. The Adviser continued the business of the Former Adviser. The Adviser and the Former Adviser have provided investment management services to corporations, foundations, endowments, pension and profit sharing plans, trusts, estates and other institutions and individuals since 1972. As of December 31, 2018, the Adviser had approximately \$1.8 billion in assets under management.

For its services, the Fund pays the Adviser a management fee equal to 0.70% of the Fund’s average daily net assets.

For the fiscal year ended October 31, 2018, the Fund paid 0.70% of its average daily net assets in advisory fees to the Adviser.

A discussion regarding the basis for the Board’s approval of the Fund’s investment advisory agreement will be available in the Fund’s Semi-Annual Report dated April 30, 2019, which will cover the period from November 1, 2018 to April 30, 2019.

Portfolio Managers

The Fund is managed by a team of investment professionals. The following portfolio managers are jointly and primarily responsible for the day-to-day management of the Fund.

Mr. William V. Heaphy, CFA and Principal, joined ICM in 1994 and has over 25 years of investment experience. Mr. Heaphy earned his B.S. degree from Lehigh University in 1989 and his law degree from the University of Maryland in 1993.

Mr. Gary J. Merwitz, Principal, joined ICM in 2004 and has over 22 years of investment experience. Mr. Merwitz earned his B.S. degree in accounting at the University of Maryland in 1992 and an M.B.A. from the Fuqua School of Business in 1999.

The SAI provides additional information about the portfolio managers’ compensation, other accounts managed, and ownership of Fund shares.

PAYMENTS TO FINANCIAL INTERMEDIARIES

The Fund and/or the Adviser may compensate financial intermediaries for providing a variety of services to the Fund and/or its shareholders. Financial intermediaries include affiliated or unaffiliated brokers, dealers, banks (including bank trust departments), trust companies, registered investment advisers, financial planners, retirement plan administrators, insurance companies, and any other institution having a service, administration, or any similar arrangement with the Fund, its service providers or their respective affiliates. This section briefly describes how financial intermediaries may be paid for providing these services. For more information please see “Payments to Financial Intermediaries” in the SAI.

Payments by the Fund

The Fund may enter into agreements with financial intermediaries pursuant to which the Fund may pay financial intermediaries for non-distribution related sub-transfer agency, administrative, sub-accounting, and other shareholder services. Payments made pursuant to such agreements are generally based on either (1) a percentage of the average daily net assets of Fund shareholders serviced by a financial intermediary, or (2) the number of Fund shareholders serviced by a financial intermediary.

Payments by the Adviser

From time to time, the Adviser and/or its affiliates, in their discretion, may make payments to certain affiliated or unaffiliated financial intermediaries to compensate them for the costs associated with distribution, marketing, administration and shareholder servicing support for the Fund. These payments are sometimes characterized as “revenue sharing” payments and are made out of the Adviser’s and/or its affiliates’ own legitimate profits or other resources, and may be in addition to any payments made to financial intermediaries by the Fund. A financial intermediary may provide these services with respect to Fund shares sold or held through programs such as retirement plans, qualified tuition programs, fund supermarkets, fee-based advisory or wrap fee programs, bank trust programs, and insurance (e.g., individual or group annuity) programs. In addition, financial intermediaries may receive payments for making shares of the Fund available to their customers or registered representatives, including providing the Fund with “shelf space,” placing it on a preferred or recommended fund list,

or promoting the Fund in certain sales programs that are sponsored by financial intermediaries. To the extent permitted by SEC and Financial Industry Regulatory Authority (“FINRA”) rules and other applicable laws and regulations, the Adviser and/or its affiliates may pay or allow other promotional incentives or payments to financial intermediaries.

The level of payments made by the Adviser and/or its affiliates to individual financial intermediaries varies in any given year and may be negotiated on the basis of sales of Fund shares, the amount of Fund assets serviced by the financial intermediary or the quality of the financial intermediary’s relationship with the Adviser and/or its affiliates. These payments may be more or less than the payments received by the financial intermediaries from other mutual funds and may influence a financial intermediary to favor the sales of certain funds or share classes over others. In certain instances, the payments could be significant and may cause a conflict of interest for your financial intermediary. Any such payments will not change the NAV or price of the Fund’s shares.

Please contact your financial intermediary for information about any payments it may receive in connection with the sale of Fund shares or the provision of services to Fund shareholders.

In addition to these payments, your financial intermediary may charge you account fees, commissions or transaction fees for buying or redeeming shares of the Fund, or other fees for servicing your account. Your financial intermediary should provide a schedule of its fees and services to you upon request.

ADDITIONAL INFORMATION

The Trust enters into contractual arrangements with various parties, including, among others, the Fund’s investment adviser, custodian, transfer agent, accountants, administrator and distributor, who provide services to the Fund. Shareholders are not parties to, or intended (or “third-party”) beneficiaries of, any of those contractual arrangements, and those contractual arrangements are not intended to create in any individual shareholder or group of shareholders any right to enforce the terms of the contractual arrangements against the service providers or to seek any remedy under the contractual arrangements against the service providers, either directly or on behalf of the Trust.

This prospectus and the SAI provide information concerning the Trust and the Fund that you should consider in determining whether to

purchase shares of the Fund. The Fund may make changes to this information from time to time. Neither this prospectus, the SAI or any document filed as an exhibit to the Trust's registration statement, is intended to, nor does it, give rise to an agreement or contract between the Trust or the Fund and any shareholder, or give rise to any contract or other rights in any individual shareholder, group of shareholders or other person other than any rights conferred explicitly by federal or state securities laws that may not be waived.

FINANCIAL HIGHLIGHTS

The table that follows presents performance information about the Fund. The information is intended to help you understand the Fund's financial performance for the past five fiscal years. Some of this information reflects financial information for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund, assuming all dividends and distributions were reinvested. The information provided below has been audited by BBD, LLP, independent registered public accounting firm, whose report, along with the Fund's financial statements, is included in the Fund's Annual Report. You can obtain the Annual Report, which contains more performance information, at no charge by calling 1-866-234-5426.

ICM Small Company Portfolio Privacy Policy

This information is not part of the prospectus

The ICM Small Company Portfolio (the “Fund”) recognizes and respects the privacy concerns of its customers. The Fund collects non-public personal information about you in the course of doing business with shareholders and investors. “Non-public personal information” is personally identifiable financial information about you. For example, it includes information regarding your social security number, account: balance, bank account information and purchase and redemption history.

INFORMATION WE COLLECT

- Information we receive from you on applications or other forms;
- Information about your transactions with us and our service providers, or others;
- Information we receive from consumer reporting agencies (including credit bureaus).

INFORMATION WE SHARE

The Fund only discloses non-public personal information about shareholders as permitted by law. For example, the Fund may disclose non-public personal information about shareholders:

- To government entities, in response to subpoenas or to comply with laws or regulations;
- When you, the customer, direct the Fund to do so or consent to the disclosure;
- To companies that perform necessary services for the Fund, such as shareholder servicing centers that the Fund uses to process your transactions or maintain your account;
- To protect against fraud, or to collect unpaid debts.

If you decide to close your account(s) or become an inactive customer, we will adhere to the privacy policies and practices described in this notice.

INFORMATION SECURITY

No mutual fund has employees. The Fund conducts its business affairs through its trustees, officers and third parties that provide services pursuant to agreements with the Fund (for example, the service providers described earlier). We restrict access to your personal and account information to those persons who need to know it in order to provide services to you. The Fund or its service providers maintain physical, electronic and procedural safeguards that comply with federal standards to guard your non-public personal information.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary will govern how your non-public personal information will be shared with non-affiliated third parties by that entity.

QUESTIONS

Should you have any questions regarding the Fund's Privacy Policy, please call

The Advisors' Inner Circle Fund

ICM Small Company Portfolio

Investors who are interested in receiving more information about the Fund should read the Fund's Annual and Semi-Annual Reports and the Fund's Statement of Additional Information dated March 1, 2019, as it may be amended from time to time (the "SAI"). The Annual and Semi-Annual Reports of the Fund provide additional information about its investments. In the Annual Report, you will also find a discussion of the market conditions and investment strategies that significantly affected the performance of the Fund during the last fiscal year. The SAI contains additional detailed information about The Advisors' Inner Circle Fund and the Fund and is incorporated by reference into (is legally part of) this prospectus.

Investors can receive free copies of the SAI, shareholder reports and other information about the Fund at www.icomd.com. Investors can also receive these documents, as well as make shareholder inquiries, by writing to or calling:

ICM Small Company Portfolio
P.O. Box 219009
Kansas City, MO 64121
1-866-234-5426

You can also obtain the SAI or the Annual and Semi-Annual Reports, as well as other information about The Advisors' Inner Circle Fund, from the EDGAR Database on the SEC's website at: <http://www.sec.gov>. You may also obtain this information, upon payment of a duplicating fee, by e-mailing the SEC at the following address: publicinfo@sec.gov.

The Trust's Investment Company Act of 1940 file number is S11-06400.
